### Skills

ETL: Oracle (ODI), PowerCenter

Visualization: Qlik, Power Bi

Machine learning - Python

AWS

MySQL

N8N,

Retool

### Languages

- English (Upper intermediate - B2)
- Spanish (Native)
- German (A2)

## Work experience

### Data analyst - Data science

Jan 2023 - Present

#### Indicia worldwide UK

Projects completed:

- Designed and developed interactive **dashboards** using **Power BI**, showcasing KPI performance and trends to support data-driven decision-making.
- Built dynamic **applications** (with Retool) enabling users to configure matching rules and tolerances, improving flexibility and reusability in data harmonization processes.
- Automated **ETL workflows** for data cleaning, transformation, and quality checks, ensuring high data reliability and efficiency.
- Developed predictive models for **forecasting sales and pricing trends** across EMEA, leveraging advanced analytics to optimize planning and resource allocation.
- Led a large-scale data harmonization project, integrating product data based on technical specifications to enhance supplier negotiations and identify high-demand products.

### Business Analytics Consultant

#### Minsait - Indra (Spain)

May 2018 - Octubre 2022

- Collaborated with stakeholders to gather requirements, define project scope, and manage budgets for analytics and reporting initiatives.
- Led data transformation and ETL processes using PowerCenter, ODI, and OBIEE, delivering accurate and timely insights for audits, inventory reporting, eCommerce KPIs, and compliance projects.
- Designed and implemented an analytics scorecard to monitor performance and support strategic decision-making

### Process Analyst

Jan 2015 - July 2016

#### GLP Colombia

- Statistical analysis, process improvement, planning, training, execution and monitoring of projects within the organization.

## Education

### Master's Degree in Data Science

2018 -2019

#### La Salle University - Barcelona

TFM: "Classification of birds through images using differentdeep learning models".

### Data Analyst Big Data Cloudera

2018

#### Pue - Programa Universidad Empresa

### Industrial engineering

2011 -2016

#### Central University - Bogotá
